MACHINE DETAILS

ERGONOMIC DESIGN

Not only does the size of the SPC-3000 boost efficiency, it is also manufactured to keep your employees comfortable working on it thanks to its ergonomic design.

EXTENDED BLANK MAGAZINE

As an option, the SPC-3000's magazine can be extended in order to facilitate high levels of material supply

LESS STATIONS FOR FORMING AND LOADING

The SPC-3000 has a built-in case magazine and erector, allowing for more efficiency as well as a smaller footprint.

EASY ACCESS

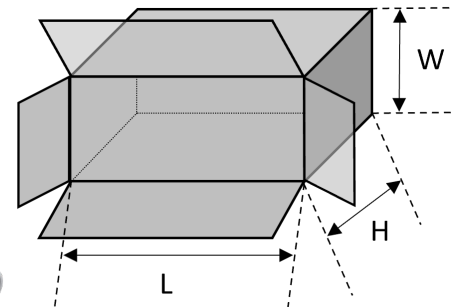

Safe and simple access to the machine makes maintenance and changeover a breeze!

COLLATION AND GROUPING

Dozens of unique collation and grouping techniques carefully chosen based on your product's unique characteristics and packaging requirements to ensure that your product is loaded into the carton with the utmost accuracy and precision.
